SUBJECT: CLARIFICATION ONE FOR DE00095 – Widening of SR 1228 (Chavasse Avenue) from US 1 (Business) to SR 1143 (S. William Street), WBS Element: 38404, 5.1091SM

MEMORANDUM TO PROSPECTIVE BIDDERS

It has been brought to my attention that the Contractor is being directed to place flowable fill in an existing 12” pipe under East Young Avenue on Sheet 5 of the plans. There is no pay item included in this proposal for “Flowable Fill”. After review, it is in the intention of the Department to remove this pipe. Compensation for this work will be measured and paid as “Pipe Removal”. If the Contractor elects to leave the pipe in place and use flowable fill as a substitution, payment will be made as “Pipe Removal” in accordance with Article 340-4 of the *2012 Standard Specifications*.

If you have any questions, feel free to call me at (919) 220-4600.

Sincerely,
