FUEL PRICE ADJUSTMENT

(1-9-2012)

Div. 7

Fuel price adjustment shall be in accordance with section 109-7 of the *2012 Standard Specifications* with the following modifications:

Fuel price adjustment for this project shall be calculated based on the following:
The base index price (B) for Diesel is 3.1655, the F.O.B. price from January 1, 2013. The base price (B) for this contract shall remain 3.1655 through all renewals. The Current F.O.B. price (A) will be the price on the first day of each month. The fuel price adjustment will be administered based on shoulder miles mowed during that month.

F.O.B. prices can be found at:

<https://connect.ncdot.gov/projects/construction/Pages/Pavement-Construction-Prices.aspx?&FilterClear=1&SortField=Date&View={5961dd43-0aec-4136-b9f5-3c24c0d08a27}&SortField=Date&SortDir=Desc>

The fuel adjustment factor of 1.6 was derived from industry-provided fuel consumption on routine and cleanup mowing for all systems. This factor was validated using NCDOT fuel usage for mowers.

The following formula will be used to calculate the appropriate payment:

Where: $S = (A - B) (QF)$

S = Monthly Fuel Price Adjustment for partial payment

B = Base Index Price

A = Current OPIS Price (First working day each month)

Q = Partial payment quantity for contract item

F = Fuel factor for contract item

The item(s) of work and the fuel factor used in calculating adjustments to be made are as follows: Description: Shoulder Miles (SHM)

Fuel Factor: 1.6

Example of Fuel Price Adjustment for Fuel Price Increases:

B = 3.2737 (Actual Base Index Price)

A = 3.3606 (Example FOB price from the first day of the month)

Q = 1,000 SHM (Example contract item SHM completed for the month)

F = 1.6 (Actual Contract Fuel factor)

$S = (A - B) (QF)$

$S = (3.3062 - 3.2737) (1000 * 1.6)$

$S = (0.0869) (1600)$

Except as authorized in paragraph 6 herein, the Department may terminate any contract if the bidder knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available by the Federal Government.

DEBARMENT CERTIFICATION

The prequalified bidder certifies to the best of his knowledge and belief, that he and his principals:

- a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
- b. Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records; making false statements; or receiving stolen property;
- c. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph b. of this certification; and
- d. Have not within a three-year period preceding this proposal had one or more public transactions (Federal, State or local) terminated for cause or default.
- e. Will submit a revised Debarment Certification immediately if his status changes and will show in his bid proposal an explanation for the change in status.

If the prequalified bidder cannot certify that he is not debarred, he shall provide an explanation with this submittal. An explanation will not necessarily result in denial of participation in a contract.

Failure to submit a non-collusion affidavit and debarment certification will result in the prequalified bidder's bid being considered non-responsive.

Check here if an explanation is attached to this certification.
