

**JANUARY 1, 2015
TOWN OF CRAMERTON
REQUEST FOR LETTER OF INTEREST**

**THE TOWN OF CRAMERTON, NC DESIRES TO ENGAGE
QUALIFIED PRIVATE ENGINEERING FIRMS (PEF) TO PROVIDE
PLANNING AND DESIGN SERVICES FOR THE CRAMER
MOUNTAIN SIDEWALK PROJECT (SR 2490) FROM BALTIMORE
ROAD TO SOUTH NEW HOPE ROAD. NCDOT TIP# C-5623**

The primary and/or subconsultant firm(s) shall be pre-qualified by NCDOT to perform the following work areas: Urban Roadway Design (269), Route Location Survey (199), 433 Tier 1 Basic Hydrologic and Hydrologic Design (433), Retaining Wall Investigation and Design (296), Traffic Management Plans (247), and Categorical Exclusions (0032)

The selected firm will report directly to the town. The selected firm is to administer the contract and to ensure that all work is performed in accordance with the contract requirements.

The PEF will be responsible for providing personnel with the appropriate skills and qualifications to ensure contract compliance. The PEF will be directly responsible for oversight of the project for the town. The PEF shall indemnify and save harmless the town for claims and liabilities resulting from negligence, errors or omissions of the PEF; including, but not limited to, the engineers, technicians or subconsultants.

Any firm wishing to be considered must be properly registered with the Office of the Secretary of State and with the North Carolina Board of Registration for Professional Engineers and Land Surveyors. Any firm proposing to use corporate subsidiaries or subcontractors must include a statement that these companies are properly registered with the NC Board of Registration for Professional Engineers and Land Surveyors. The Engineers performing the work and in responsible charge of the work must be registered Professional Engineers in the State of North Carolina and must have a good ethical and professional standing. It will be the responsibility of the selected private firm to verify the registration of any corporate subsidiary or subcontractor prior to submitting a Letter of Interest. The firm must have the financial ability to undertake the work and assume the liability. The selected firm will be required to furnish proof of Professional Liability insurance coverage in the minimum amount of \$1,000,000. The firm must have an adequate accounting system to identify costs chargeable to the project.

The proposed method of payment for this contract is lump sum.

The selection of a private engineering firm to provide planning and design services on this specific project will be handled in accordance with the following process:

1. Submission by the private engineering firm of a Letter of Interest (LOI).
2. Town will short list private engineering firms to a minimum of three firms.
3. Pre-interview meeting and oral interview at the option of the Town.
4. Town will select a private engineering firm to provide the Planning and Design Services.

SMALL PROFESSIONAL SERVICE FIRM (SPSF) PARTICIPATION

The Department encourages the use of Small Professional Services Firms (SPSF). Small businesses determined to be eligible for participation in the SPSF program are those meeting size standards defined by Small Business Administration (SBA) regulations, 13 CFR Part 121 in Sector 54 under the North American Industrial Classification System (NAICS). The SPSF program is a race, ethnicity, and gender neutral program designed to increase the availability of contracting opportunities for small businesses on federal, state or locally funded contracts. SPSF participation is not contingent upon the funding source.

The Firm, at the time the Letter of Interest is submitted, shall submit a listing of all known SPSF firms that will participate in the performance of the identified work. The participation shall be submitted on the NCDOT's Prime Form RS-2 and/or Subconsultant Form RS-2.

Form RS-2 forms may be accessed on the NCDOT website at <https://apps.dot.state.nc.us/quickfind/forms/Default.aspx>.

The SPSF must be qualified with the Department to perform the work for which they are listed.

Real-time information about firms doing business with the NCDOT and firms that are SPSF certified through North Carolina's Unified Certification Program is available in the Directory of Transportation Firms. The Directory can be accessed by the link on the Department's homepage or by entering <https://partner.ncdot.gov/VendorDirectory/default.html> in the address bar of your web browser.

The listing of an individual firm in the Department's directory shall not be construed as an endorsement of the firm.

PREQUALIFICATION

The Department maintains on file the qualifications and key personnel for each approved discipline, as well as any required samples of work. Each year on the anniversary date of the company, the firm shall renew their prequalified disciplines. If your firm has not renewed its application as required by your anniversary date or if your firm is not currently prequalified, please submit an application to the Department prior to submittal of your letter of interest. An application may be accessed at <https://connect.ncdot.gov/business/Prequal/Pages/Private-Consulting-Firm.aspx>. Having this data on file with the Department eliminates the need to resubmit this data with each letter of interest.

Even though specific DBE/MBE/WBE goals are not required for this project, the Department of Transportation is committed to providing opportunity for small and disadvantaged businesses to perform on its contracts through established Department goals. The Firm, subconsultant and subfirm shall not discriminate on the basis of race, religion, color, national origin, age, disability or sex in the performance of this contract.

EVALUATION

Firms submitting LOIs to perform the planning and design services on this specific project will be evaluated based upon certain considerations. The following considerations, with the weighted importance, will be utilized to select a minimum of three firms from those submitting an LOI:

1. Firm's experience, knowledge, familiarity and past performance with NCDOT Planning and Design of road projects – 50%
2. The experience of the firm's proposed staff to perform the type of work required – 25%
3. Firm's understanding of the project specific issues and their responsibility in delivering services for the advertised project – 25%

After reviewing qualifications, if firms are equal on the evaluation review, then those qualified firms with proposed SPSF participation will be given priority consideration.
