N.C. Airport Community:

We have just learned that the Federal Aviation Administration (FAA) acting ADO Manager, Graham Coffelt, will be leaving the FAA on March 7<sup>th</sup>, 2025. Many of you have had the opportunity to work with Graham or collaborate with him in various capacities. Graham has truly filled a critical gap at the ADO, and his dedication, expertise, and collaborative spirit have made a significant impact. The Division of Aviation deeply values his contributions, and we extend our sincere gratitude for his hard work. We wish him nothing but the best in all his future endeavors.

The FAA region is working on deciding who will fill his position. However, there may be delays with airport infrastructure grants in the meantime. We will share more information on the situation as we learn more.

**Nick Short, PE, PLS**

Director (Interim)
