State Street Aid (Powell Bill) Program

Annually, State Street-Aid (Powell Bill) allocations are made to incorporated municipalities that establish their eligibility and qualify as provided by G.S. 136-41.1 through 136-41.4. The general statutes require an appropriation of funds by the General Assembly to the Department of Transportation for State aid to municipalities from the State Highway Fund. These funds are distributed to the qualified municipalities in two allocations: on or before October 1 and on or before January 1; and are to be expended primarily for the purposes of resurfacing streets within the corporate limits of the municipality but may also be used for maintaining, repairing, constructing, reconstructing, or widening of local streets that are the responsibility of the municipalities, in addition to the planning, construction, and maintenance of bikeways, greenways, or sidewalks pursuant to G.S. 136-41.1 – 41.4.

Because the 2025/2026 budget has not passed as of this date, the Continuation Budget was used to provide the amount available for all the Powell Bill Allocations. The Continuation Budget is \$185,875,000.00; half of this will be used for the October Powell Bill Allocation and half of this will be used for the January Powell Bill Allocation.

For a municipality to be eligible for Powell Bill funds, they must submit a Certified Statement, Street Listing, and a certified dated Powell Bill map to the Department of Transportation. A map is required to be submitted every five years or if changes have been made to either the municipality's corporate limits or to their mileage. In addition, each municipality is statutorily required to submit a Powell Bill Expenditure Report, which reports only Powell Bill allocation revenue and Powell Bill fund expenditures for the preceding Fiscal Year, and a Fiscal Data Report which is a Federal financial report of all expenditures and revenues for the preceding Fiscal Year spent for street purposes regardless of the funding sources.

The first State Street-Aid allocation was disbursed in 1951 at a rate of one-half (1/2) cent per gallon of taxed motor fuel and continued annually at that rate through 1971. The general statutes were amended and the rate changed in 1972 and in 1982. From 1972 through 1981, the rate was one (1) cent per gallon. In 1982, it was increased to one and three-eighths (1-3/8) cents per gallon. The 1986 General Assembly increased the State Motor Fuel Tax effective July 15, 1986, and at the same time increased the Powell Bill rate to one and three-fourths (1-3/4) cents on each taxed gallon. This rate became effective for the 1987 allocation. The 2013 General Assembly revised the annual amount appropriated out of the State Highway Fund to a sum equal to 10.4% of the net amount after refunds that was produced during the fiscal year. This rate became effective for the 2013 allocation. Effective for fiscal year 2015-2016, the General Assembly ratified SL 2015-241, which stabilized the program's funding by appropriating the amount of funds to be disbursed.

See table on next page for allocations disbursed each year and # of municipalities participating.

Apart from the amount paid to municipalities specified by SL 2023-134, the funding was divided as follows:

Seventy-five percent (75%) of the funds allocated, or \$123,585,976.60, was divided among all qualified municipalities based on relative 2025* estimated population (**Based on the July 1, 2024, Certified Population Estimate (July 1, 2024, Municipal Boundaries) provided by OSBM*). This amount was divided by 4,905,022 (i.e., population of all eligible and qualified municipalities as estimated by the State Planning Officer, excluding municipalities specified by SL 2023-134) to produce a **per capita rate of \$25.20**.

Twenty-five percent (25%) of the funds allocated, or \$41,195,325.54, was divided among all qualified municipalities based on relative mileage of non-State System or local streets complying with the Act. This amount was divided by 20,544.83 miles (i.e., the total length of all eligible streets as furnished by the municipalities, excluding municipalities specified by SL 2023-134) to produce a **per mile rate of \$2,005.14**.
