

POWELL BILL REPORTING SYSTEM (PBRs)

Municipal Street Fiscal Data Report Instructions

PLEASE READ AND FOLLOW INSTRUCTIONS CAREFULLY FOR EACH ITEM.

The Powell Bill Program processes electronic submissions on-line through the Powell Bill Reporting System (PBRs), powered by **Enterprise Business Services (EBS)**. In addition to the Expenditure Report that was completed for your municipality's Powell Bill funds, the Fiscal Data Report reflects all expenditures for street purposes only during the reporting fiscal year. Estimates, within reasonable limits, may be given where actual data are not available.

I. Disbursements for Streets During Fiscal Year

PAYMENTS TO STATE:

01. Include all payments to the State Department of Transportation under Powell Bill Agreement; from local funds; or due because of penalties or restitution.

DISBURSEMENTS FOR: (Do not include any expenditures that were included in #1. Do not report expenditures for which the municipality is reimbursed by the State Department of Transportation.)

02. **Capital Outlay: Right of Way** – Include purchase of land, improvements, and easements; right-of-way administration; legal fees; and costs of moving and relocating buildings, businesses, people, and providing relocation assistance services.
03. **Capital Outlay: Engineering** – Include pre-construction and field engineering and inspections; surveys, material testing, and borings; preparation of plans, specifications and estimates; and traffic and related studies.
04. **Capital Outlay: Construction** – Include all payments for street and bridge construction, reconstruction, and betterments, including grading, surfacing, resurfacing, storm sewers and drainage, curb and gutter, traffic signals and signs, and sidewalks. Include all administrative and equipment costs directly assignable to construction.
05. **Maintenance** – (Do not report expenditures for which the municipality is reimbursed by the State Department of Transportation.) Include all expenditures for the maintenance of municipally-maintained streets and bridges and all administrative and equipment costs directly assignable to maintenance.
06. **Snow and Ice Removal** – Include all expenditures for the removal of snow and ice from municipally-maintained streets, such as sanding, salting, purchase of special equipment, etc.

07. **Traffic Control Operations** – Include all expenditures for operation of traffic control and surveillance systems that are designed to monitor and control traffic by managing vehicle flow on streets and highways. Such systems include traffic signal control; roadway, tunnel and bridge surveillance and control; electronic message boards, etc.
08. **Other** – Include expenditures for highway air quality monitoring, highway beautification, mowing, and litter removal. **(Please specify with the drop-down box.)**
