

INTEGRATED PROJECT DELIVERY

MAY 2019 NEWSLETTER

Hello all. The IPD Teams have been busy all month working with NCDOT units and Divisions using the feedback received on the information presented at the Pre-Construction Workshop to integrate it into new proposed project delivery process flow maps. These flow maps have been requested by project managers across the state. This month the IPD Teams will be developing roadmaps, identifying and prioritizing project delivery process enhancement recommendations, defining task teams to implement recommendations with DOT staff included, and committing to a schedule for deliverables. The goal of these efforts is to have the initial prioritized enhancements fully developed, implemented, with training and tools available so that we are seeing overall improvements in project delivery by the end of 2019. As always, if you have any questions, ideas or suggestions on areas of improvement please submit your thoughts by visiting the **Integrated Project Delivery Webpage** on [Connect NCDOT](#).

what we are **GOING TO DO** and
DELIVER what we **PROMISE**

– NCDOT’s Project Delivery Vision

“

Training Update

- **Project Development Roles and Responsibilities Training** – *initial training sessions have been held with additional training classes being scheduled for this summer.*
- **Project Management Training** – *initial training sessions are underway now with a focus on the PM role as a discipline for Preconstruction PMs. Future training will be expanded to include more NCDOT Preconstruction staff and industry partners.*
- **MS Project Schedule Training** – *initial training sessions are underway now. Intended for Preconstruction PMs, comprised of what is included in a schedule, why it is important, how to define the critical path, and how to utilize a schedule on a daily basis as a PM.*

Want to Participate?

- As we move forward with development and implementation activities, we are looking to create IPD teams comprised primarily of DOT staff so that we can fully assess and fine tune the new business processes to fit our program.
- If you or someone on your staff wishes to be part of these IPD efforts please submit your request through the **Integrated Project Delivery Webpage** using the Contact Form on [Connect NCDOT](#).
