AN ACT TO AUTHORIZE PUBLIC TOLL ROADS AND BRIDGES IN NORTH CAROLINA AND THE CREATION OF A TURNPIKE AUTHORITY.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 136 of the General Statutes is amended by adding a new Article to read:

"Article 6H.
"Public Toll Roads and Bridges.

§ 136-89.180. Legislative findings.
The General Assembly finds that the existing State road system is becoming increasingly congested and overburdened with traffic in many areas of the State; that the sharp surge of vehicle miles traveled is overwhelming the State's ability to build and pay for adequate road improvements; and that an adequate answer to this challenge will require the State to be innovative and utilize several new approaches to transportation improvements in North Carolina.

Toll funding of highway and bridge construction is feasible in North Carolina and can contribute to addressing the critical transportation needs of the State. A toll program can speed the implementation of needed transportation improvements by funding some projects with tolls.
