

# Cultural Resources

2018

PROGRAMMATIC  
AGREEMENT  
INFORMATION

## All NCDOT MCC, PCE, CE & EA Projects

- Project submitter receives separate review forms from both Archaeology and Historic Architecture.
- Review forms have been revised for clarity – separate forms for Archaeology or Historic Architecture.
- Turnaround time for No Survey/Survey Required calls is 30 days.
- If submitter has not received response in 30 days then check with Matt, Mary Pope.
- Additional time is necessary if survey required. NCDOT Cultural Resource Teams will coordinate this with submitter
- The PA does not add steps to your environmental review process – NCDOT Cultural Resources Teams make decisions previously assigned to Dept. of Natural and Cultural Resources.
- Since 2009 NCDOT Cultural Resources Staff has reviewed 4500 projects under the **Programmatic Agreement for Minor Transportation Projects (PA)**.
- The PA applies to state and federally-funded projects.
- Dept. of Natural and Cultural Resources, US Forest Service and Federal Highway Administration provided all review results on annual basis.
- USACE relies on review results

## PA Submittals

All review requests must submitted via ETRACS:

<https://apps.ncdot.gov/PDEA/etracs/hes/>

You must obtain an NCID and password to access ETRACS.

Project data is managed and

housed in SharePoint:

<https://connect.ncdot.gov/site/preconstruction/SitePages/Home.aspx>

Better information leads to more accurate decisions & streamlined process.

Providing a **released & billable WBS charge number is critical** so staff can begin work.

“Batching” of **individual** submittals helps us look at multiple projects with greater efficiency.

## EIS Projects

EIS Projects (both State and Federal) require early coordination with the Department of Natural and Cultural Resources — State Historic Preservation Office & Office of State Archaeology.

### Not processed under PA procedures

NCDOT Cultural Resources Teams respond to Department of Natural and Cultural Resources comments and ensure compliance with State and Federal Cultural Resources Regulations.

**NCDOT's Cultural Resource Team representatives are happy to come to your NCDOT location to provide a training session that covers the details of the PA process and other review services.**
