

15_01 Additional North Arrow Cells

Question:

The plan sheet north arrows have dates to match the datum descriptions but the title sheet north arrows do not. Can we add the title sheet narrows to match the sheet north arrow cells?

Answer:

Modifications to both the NCDOT English and Metric Cell Libraries have been processed. Additional north arrow cells for title sheets, as well as hearing maps, are:

- North Arrow NAD 83/86
- North Arrow NAD 83/95
- North Arrow NAD 83/2001
- North Arrow NAD 83/NSRS 2007

This should be consistent with the Roadway north arrow cells used on each plan sheet.
