

## **15\_18 River Basin Buffer Symbology Sheet**

### **Question:**

How is the "River Basin Buffer" zone shown on the symbology sheet?

### **Answer:**

Currently, "River Basin Buffer" zones are labeled with the acronym "RBB" in the line style. In the past, "River Basin Buffer" zones were labeled with the acronym "BZ" in the line style. "BZ1" and "BZ2" are in the current wetland files.

"BZ" has been added back to both the english and metric Symbology sheets.
