17_21 Problem with Plotting Existing Pipes
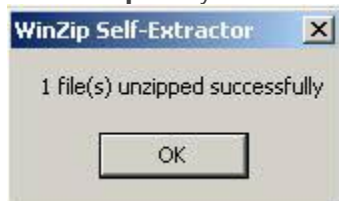

Question:
Roadway has attained a patch for this iPlot problem. To apply the patch to fix this iPlot problem, double click on the file "iplotdrvk.exe" found in the S:\Share\rd_InternalApplication\RD_Iplot_Fix folder.

First, you must get out of all Microstation sessions.

Click **Unzip** and you should get the following confirmation box.

Click **OK** to finish the iPlot patch.
It is recommended that all of Roadway Design perform this patch to their on own workstation as soon as possible, whether or not the workstation will be used to plot Microstation files
