18_07 Loading the Connect Workspace
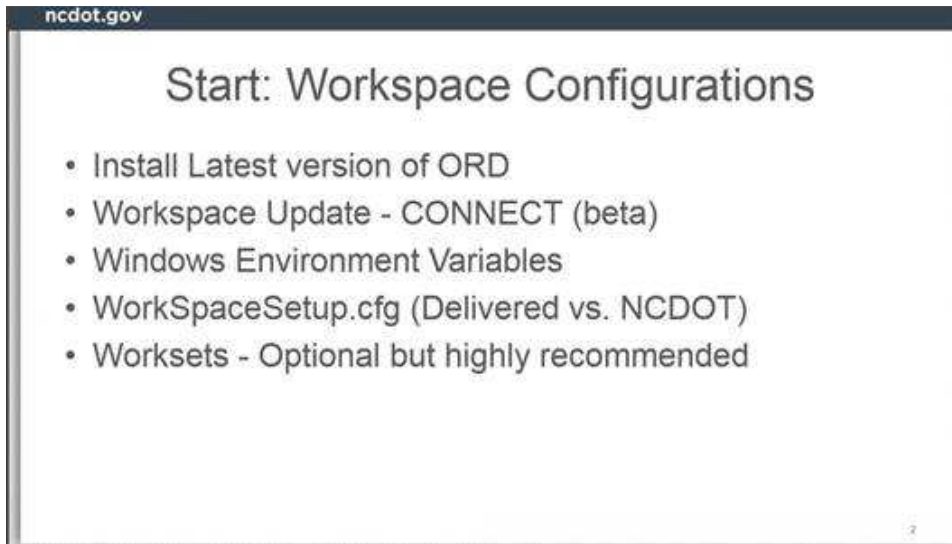

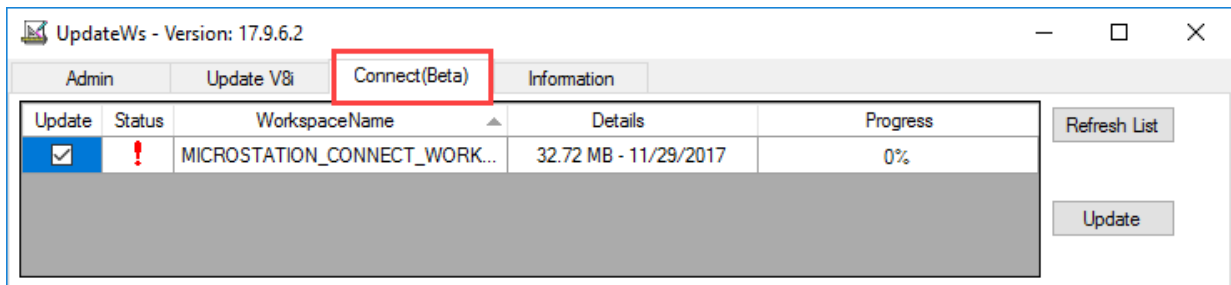

Question:

Can you provide the details for loading and updating the Connect workspace?

Answer:

The following slide summarizes how to get started and how to test the CONNECT workspace:

1. The CONNECT workspace can be downloaded using our workspace update app (https://connect.ncdot.gov/resources/CADD/UpdateWs/UpdateWS.application):

2. In the workspace is a Readme file that explains how to setup the Windows environment variables (2) and the placement of the "WorkSpaceSetup.cfg" file.

3. Lastly download the following online trainings worksets to get started:

https://connect.ncdot.gov/projects/Roadway/Training/ORD-Templates.zip
