State Structures Engineer

DATE: December 21, 2011

SUBJECT: REVIEW OF MUNICIPAL, FEDERAL LANDS & SPECIAL  
STRUCTURE PROJECTS

cc:

*[Handwritten signature]*

RETURN ORIGINAL TO JAY

*[Handwritten note: Jim, post on our users page]*

As a result of the merge of the Structure Design and Bridge Management Units, Municipal, Federal Lands greenway and other special structure projects will now be the responsibility of the regional plan production groups assigned to Mr. Tom Koch.

Previously, the review and approval, or plan development, of these types of projects was the responsibility of the Special Investigation squad (led by Mr. Farzin Asefnia and Mr. Brian Hanks). For those projects currently under review or in development continue to route submittals and correspondence to Mr. Asefnia and Mr. Hanks. They will see those projects through to completion.

For all new Municipal, Federal, greenway or other special structure projects, please route them to Mr. Koch. He will assign them to one of his four regional project groups.

If you have any questions, please advise.

GRP/FA/gdt
