Post Construction Assessments

The Post Construction Assessments review identified projects following substantial completion of the project. The assessments bring together the design team, NCDOT personnel, and contractors to review lessons learned and best practices related to the construction of these projects. These lessons are shared across various NCDOT Divisions and Units to improve out knowledge share and transfer.

If you have any questions on the Post Construction Assessments please contact the Value Management Team at CLEAR@NCDOT.GOV.

External Users – Create a Business NCID

EXTERNAL NCDOT – Create Business NCID if needed

New External Users will need a **BUSINESS** NCID to access Connect NCDOT sites. An individual NCID will not work properly for access to Connect NCDOT sites. Follow these steps to create your Business NCID and access to the Encroachment Submissions site.

1. Click this link to create your Business NCID: <https://ncid.nc.gov/ncidsspr/>
2. An NCID confirmation email will be received. Follow the link in the email to complete the NCID registration process. This involves logging into NCID with your Business NCID username and password and answering your security questions.

Important: Complete Steps 1 and 2 before requesting access.

Request Access to be able to upload videos, images, and files to the project pages.

Request Assessment Contribution Access

This is required for all Assessment Participants (internal and external NCDOT participants). Please fill out the following form to be granted contributor rights to the assessment. All internal NCDOT employees have READ access to all projects.

Important: This process is not automated. Please allow two business days to process your request.

You will receive an email notification when access has been granted, or if additional information is required.
