NCDOT Pedestrian Survey for Road Widening Project U-0624

In order to determine the needs of bicyclists and pedestrians during the proposed widening of NC 86/ S. Columbia Street, NCDOT has developed this questionnaire in conjunction with project consultants. Project U-0624 proposes to widen NC 86 (S. Columbia St.) from Purefoy Rd. (SR 1906) to Manning Dr. (SR 1902). The purpose of the project is to provide safer conditions for bicyclists and pedestrians along the roadway. The existing two-lane roadway will be widened to provide two 12-foot travel lanes, a four-foot designated bicycle lane in the north-bound direction, a five-foot designated bicycle lane in the south-bound direction, as well as a 11-foot center turn lane. A five-foot sidewalk is also proposed along both sides of S. Columbia Street. Your comments and input would be greatly appreciated. Please return by 4/23/08.

NCDOT Internal Use: Walking _____ Biking _____ Date _____ Time _____ # in Party _____

- 1. How often do you use this road walking or biking? Daily _____ Weekly _____ Monthly _____
2. Where does your walk or bike usually begin? _____
3. Where do you usually walk or bike to? _____
4. What is the purpose of your trip? School _____ Work _____ Church _____
Lunch/Dinner _____ Recreation _____ Shopping _____ Other _____
5. Do you own a car? Yes _____ No _____
6. Do you use public transportation and utilize bus stops along S. Columbia Street? _____
How often? _____ Which bus stop location? _____
7. If access to the road was restricted during construction, how would this affect your daily operations? _____
8. Other comments
9. Name, Address and Phone Number (optional): _____
