				<i>Page</i>	<i>Total:</i>	<i>51.7 LF</i>	<i>6-2-07</i>	<i>MCK</i>	

Note: There are a variety of ways to record pipe in Pay Record Books. The most common method is to record one line of pipe per page in the PRB. This keeps all activity for that pipeline together. This is especially helpful for pipe cut-offs, maintaining over/underruns, and completing As-Constructed Plans.
