ACTION	YES	NO	N/A	COMMENTS
Determine the exact areas where this work is to be performed.				
Designate any individual trees shown on the plans to be removed.				
Ensure that the herbicide application is conducted by individuals who possess a pesticide license from the NC Department of Agriculture in accordance with Article 1060-13 of the Standard Specifications.				
The herbicide must be on the site and approved before the work is begun.				
Dispose of the vegetation and other debris in accordance with the solid waste disposal laws.				
Cut off all material flush with the ground.				
If a herbicide is to be used, apply it in accordance with the Contract.				
Inspect all of the remaining vegetation for damage. Make repairs as necessary.				
Measure all trees to be cut 4 feet, 6 inches above the ground before they are cut to determine the proper pay size.
