SECTION 1607

EROSION CONTROL ROADSIDE DEVELOPMENT - GRAVEL CONSTRUCTION ENTRANCE

PROJECT: _____

TECHNICIAN: _____

REVIEW DATE: _____

REVIEWER: _____

ACTION	YES	NO	N/A	COMMENTS
Ensure the planned entrance location provides adequate site distance.				
Ensure drainage is provided across the planned entrance.				
Provide adequate radii for the anticipated traffic.				
Monitor the roadway to determine if stone or soil is being deposited on the roadway and adjust the entrance length or geometry accordingly.
