

Application Modifications and Enhancements

HiCAMS & DOH Vendor Version 8.6.2 were released Friday, 11/06/2020.

OVERVIEW OF THE RELEASE

- Application enhancements in various modules related to Contract Tracking, Contract Maintenance, Density, Estimates and Samples
- Data fixes for production issues in various modules

HiCAMS - General

CONTRACT TRACKING - Review Pay Records

- Modified Electronic Sharepoint records to only display on the Verify Final Quantities window when the Electronic/Sharepoint Pay Records check box is Checked. – [SQA 22566](#)

CONTRACT ESTIMATES - Verify Final Quantities

- Changed the Verify Final Quantity edit to not allow the Inspector to verify the Final quantity for the same Pay Records he created.
- If the person who inspected the Pay Record tries to verify the Final quantity, the Verify Final Quantity window will not Save for Pay Records entries made in Hicams, but will display an error message for the Electronic Pay Records indicating that same person cannot be in both (Inspector and Verifier) roles. - [SQA 22598](#)

DENSITY - General

- Changed the code on the Review Density Asphalt and Review Density Other windows to retrieve data on the History tab, it would take a long time to process. Now you can retrieve the history tab data much faster – [SQA 22590](#)

DENSITY - Review Density Other Conventional

- Fixed window to prevent you from selecting an expired Density Other Conventional Subcategory from the dropdown list. – [SQA 22587](#)

DENSITY - Review Density Other Nuclear

- Fixed window to prevent you from selecting an expired Density Other Gauge Subcategory from the dropdown list. – [SQA 22587](#)

SAMPLING - Enter Sample Details

- Fixed bug on the Sample Window - Not all samples require a Sample #/Field ID. In this version a validation has been added that does not require all samples have Field IDs (which is not correct) when Authorized. [SQA 22575](#)
- Added new column (Partial Sample Number) in the Sample window. The column will be editable when selecting one of the following Testing Categories: Partial, QA Partial Referee or QC Partial Referee - [SQA 22572](#)

PROJECT CLOSEOUT - Review Construction Quality Index (CQI)

- Modifications to the CQI window to track feedback related to Monolithic Islands.
- New field description (Sidewalk Installation/Monolithic Islands) added to the CQI Evaluate window and Blank Form. – **SQA 22596**
