

PDHs for HiCAMS Webinars

Because the Webinars are less than 4 hours, there is no formal NCDOT sponsored PDHs available.

However, it is possible to claim them yourself. We keep attendance records if validation of your attendance is required.

This is the same way the PDHs for the Spring roadway and bridge webinars was handled.

Comments or concerns about this should be directed to Michelle Long of the NCDOT Construction Unit at 919-707-2400.
