MEMORANDUM

TO: Larry R. Goode, Ph.D., P.E.  
Chief Engineer - Programs

FROM: Calvin W. Leggett, P.E.  
Program Development Engineer

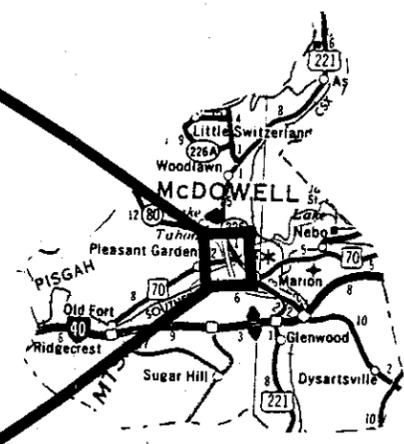

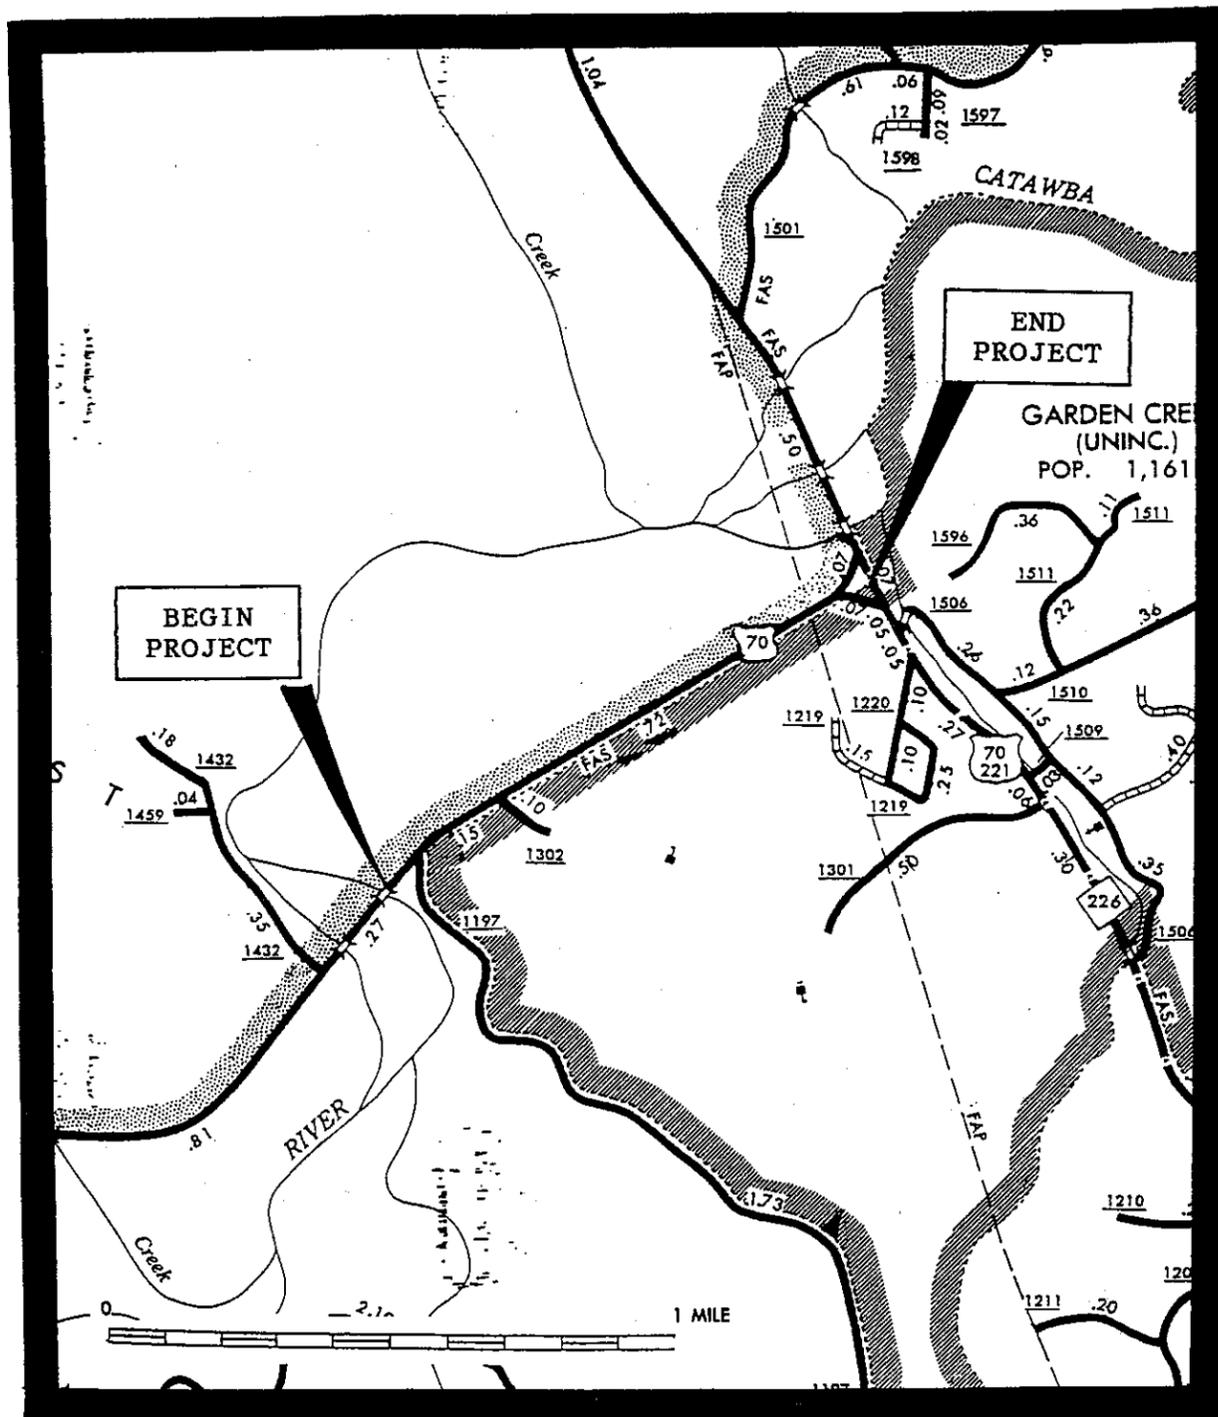

SUBJECT: US 70, from the Catawba River to US 70-221 Bus.  
north of Marion, McDowell County.

Per your request, a preliminary estimate of widening the 1.1-mile subject section of US 70 was prepared (Please see the attached map). The proposed improvements include widening the existing roadway to a uniform 5-lane, 64-foot curb and gutter section, at an estimated total cost of \$1,800,000.

At this preliminary stage, it is anticipated that there would be a minimal amount of additional right-of-way acquisition and wetland impacts. The project is not anticipated to result in any business or residential relocations. Please let me know if you need any additional information regarding this project.
