What are the **Benefits** of having a CTP?

- Common long range vision for multi-modal facilities between NCDOT, MPOs, RPOs and local governments.
- More detailed project information for Programming and Project Development.
- Better integration of transportation planning with land use planning.
- Minimization of impacts to the natural and human environment.
- Documentation that can be used as a guide for future development and transportation decisions.

Legal Disclaimer

These concepts will need additional analysis to meet state and federal environmental regulations, to determine final locations and designs, and to be funded for implementation. Local zoning or subdivision ordinances may require the dedication of right of way based on the concepts shown on the Comprehensive Transportation Plan and local collector street plans, based on N.C.G.S. § 136-66.2 and § 136-66.10.
