

## 1. Survey Results

Spindale expressed surprise about the Carver Center transit desire and pointed out that one comment was not technically in Spindale (it was explained that the town comment count would not make a difference in the overall analysis, just as a more convenient way to show where comments are).

## 2. Updated Highway Deficiencies Maps

### a. McDowell County

No comments on the maps.

### b. Polk County

No comments on the maps.

### c. Rutherford County

No comments on the maps.

## 3. Other Concerns/Updates

Discussed the schedule moving forward. Next steps are:

1. Discussing non-highway modes (existing and recommendations)
2. Highway recommendations (starting with existing CTPs for McDowell and Rutherford as a baseline). Will include all submitted projects to SPOT and charettes.

Next meeting is **Wednesday, July 15, 2020**. Meeting time is TBD.
