

Person County's
Community Vision and CTP Goals and Objectives Statement

Vision:

Provide a safe, reliable, efficient, and sustainable multi-modal transportation network that supports economic development and efficient movement of people and products while being compatible with environmental and land use patterns.

Goals:

1. Complete a study of transportation facilities and develop a plan, with improvements, that address traffic congestion and consider economic impacts.
2. Identify and prioritize improvements that would enhance quality of life through multi-modal CTP implementation.
3. Coordinate Person County's transportation and land use plans with the City of Roxboro, Kerr-Tar Rural Planning Organization, NCDOT, and other relevant local and state organizations.
4. Complete a study of capacity, connectivity, crashes, access management techniques, and adequacy of traffic control signalization/devices; make recommendations needed to improve safety, traffic flow and reduce congestion.
5. Coordinate with Person County Emergency Management and relevant organizations to ensure that emergency plans are considered in plan development.
6. Show the economic and strategic benefit of completing TIP project R-2241 (multi-laning of US 501 from Roxboro to the Virginia State Line) along with other feasible projects from previous transportation plans.
