Dr. Marty Sung	NCDOT PTRPO Coordinator- Transportation Planning Division
Jeron Monroe	NCDOT District Engineer
Kayla Brown	Randolph County
Kim Heinzer	Planning System Coordinator
Bryan Kluchar	NCDOT Division 8
Carter Spradling	PTRC Assistant Planning Director

Summary of Agenda Items:

Welcome

Carter Spradling welcomed everyone and gave a recap summary of the February meeting.

CTP Progress Update

Sangwoo “Marty” Sung (NCDOT TPD)

Marty Sung reported to the group that the future socio-economic projections for the RPO portions of the County have been agreed to by all parties.

Base Year Highway Analysis & Preliminary Results

Michael Abuya, Sangwoo “Marty” Sung (NCDOT TPD)

Marty and Michael presented their work to date on the following items:

- 1) Base Year Highway Volume and Capacities – starting with a glossary of definitions, Dr. Sung set the stage for what the committee would be looking at. Specifically addressing AADT and different measures of capacity.
- 2) Preliminary analysis of current roadway capacity and projections of future volumes versus capacity.
- 3) Concentrations of highway crash locations throughout the County, with specific discussion around high density locations along major roadways, in Asheboro, and in Liberty.
- 4) Examination of the bridge deficiency map.

Review of tentative CTP schedule moving forward

Michael Abuya, Sangwoo “Marty” Sung (NCDOT TPD)

Next meeting the following topics will be discussed:

1. Base year bicycle & pedestrian analysis and initial results
2. Base year public transit and analysis and initial results
