

## **Title VI and Other Protected Population Map Packages**

As part of the Comprehensive Transportation Planning process, Title VI and other protected populations need to be identified and accounted for in the Public Involvement Process, as well as in other aspects of planning. Specific protected populations are identified in part based on the 2013-2017 American Community Survey data, mapped here to the census block group level. The ArcGIS map packages available for download include the following:

- Percent of African American Population
  - Percent of Asian Population
  - Percent of Hawaiian Population
  - Percent of Hispanic Population
  - Percent of Native American Population
  - Percent of Two or More Races Population
  - Percent of Some Other Race Population
- 
- Percent of Population for Age 65 and Over
  - Percent of Population Below Poverty Line
  - Percent of Households with No Car
- 
- Percent of Population Over Age 18 with Limited English Proficiency (LEP) - Asian
  - Percent of Population Over Age 18 with Limited English Proficiency (LEP) - Spanish
  - Percent of Population Over Age 18 with Limited English Proficiency (LEP) - Indo-European
  - Percent of Population Over Age 18 with Limited English Proficiency (LEP) - Other Languages
