Notes:

For questions or comments please email CADD Support at CADD-sup@ncdot.gov or ProjectWise questions at dot.pwsupport@ncdot.gov.

*Existing v8i Roadway Design Corridor Modeling workflows and deliverables will remain in GEOPAK ss2 version (08.11.07.615).

*PowerGEOPAK ss4 is being phased out of use – CADD Services will not install or re-install.

**ORD projects started before the release of 2023 may still be using ORD 10.12.02.4 or 10.10.20.34 – please double check with your project manager on the version for the project.
