

**Questions and Answers**  
**Session #1: Environmental Analysis**  
**November 8 & 10, 2016**

**Q. Define the acronym “PCN”**

A. *Pre-Construction Notification*

**Q. Who in the Division is responsible for completing the in-house manday estimates?**

A. *This role can vary by Division depending on their resources and expertise, but in general, this responsibility will lie with the Project Planning Engineer.*

**Q. Is there a general expectation of what DEO’s will be responsible for?**

A. *Each Division will work out their own roles and responsibilities.*

**Q. Where can we go to find out information on SEPA requirements?**

A. *The following link is to the NCDEQ SEPA website:*

<http://deq.nc.gov/permits-regulations/sepa>

*Also, the template for the NCDOT Minimum Criteria Determination Checklist has good prompts and guidance. It is located here:*
