

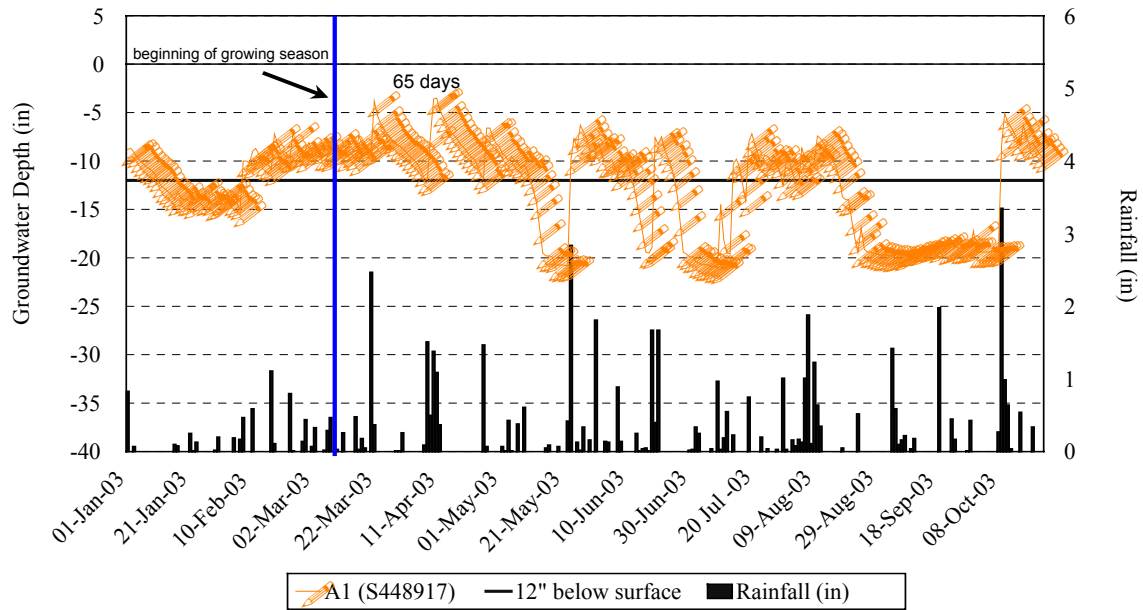

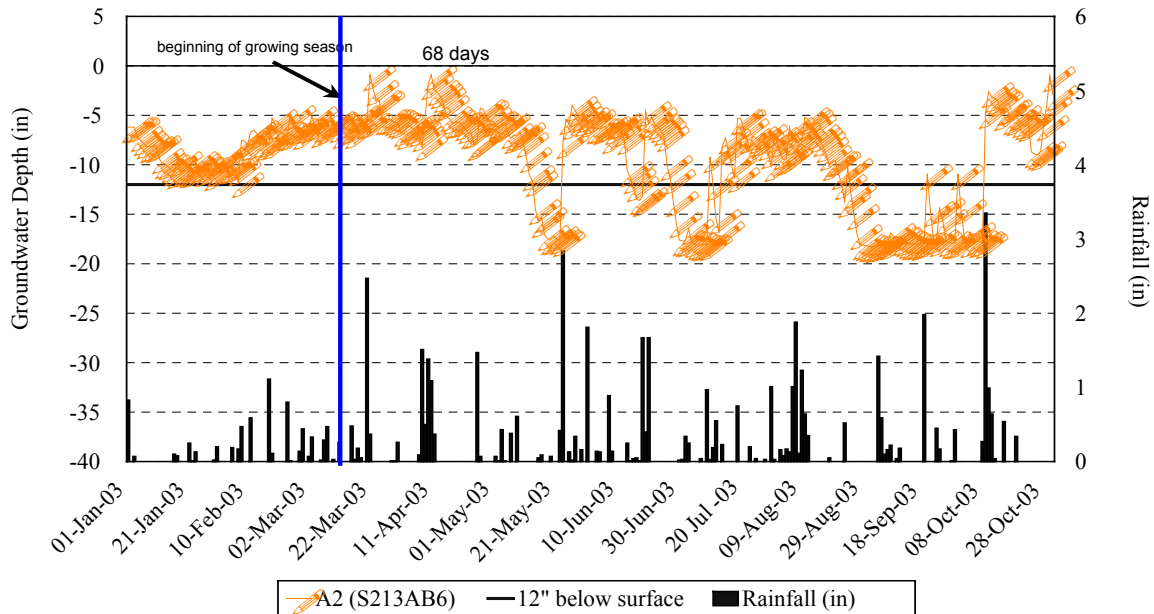

Figure 1. Hydrology Monitoring, Gauge A1
Dale Tract; Restoration
2003

Rainfall information provided by the National Climatic Data Center; Wilmington International Airport station.

Note: 1 reading/day

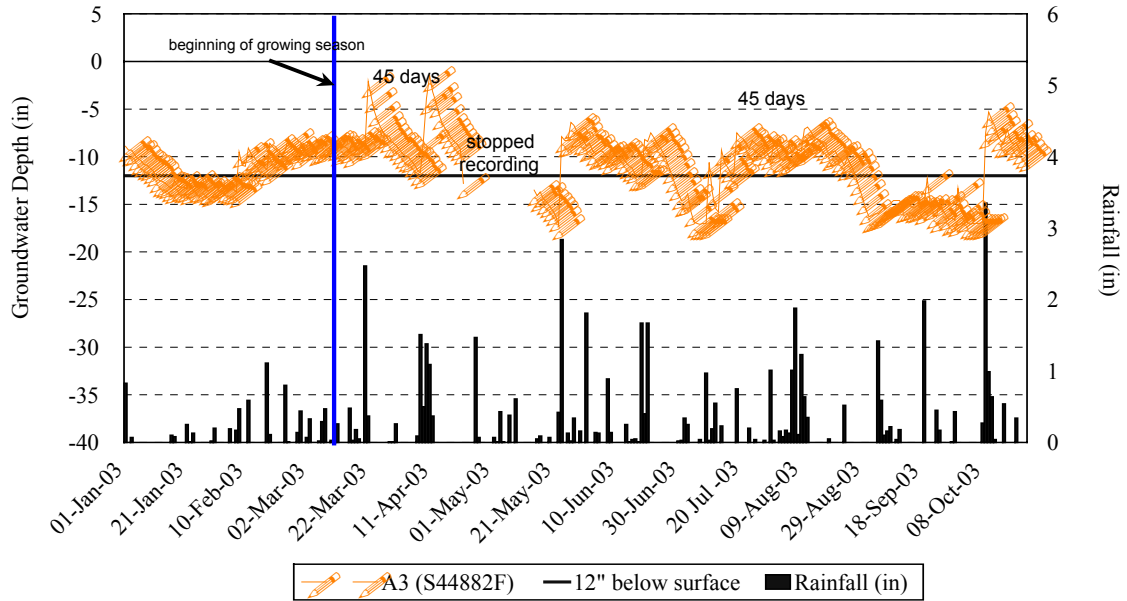

Figure 2. Hydrology Monitoring, Gauge A2
Dale Tract; Restoration
2003

Rainfall information provided by the National Climatic Data Center; Wilmington International Airport station.

Note: 1 reading/day

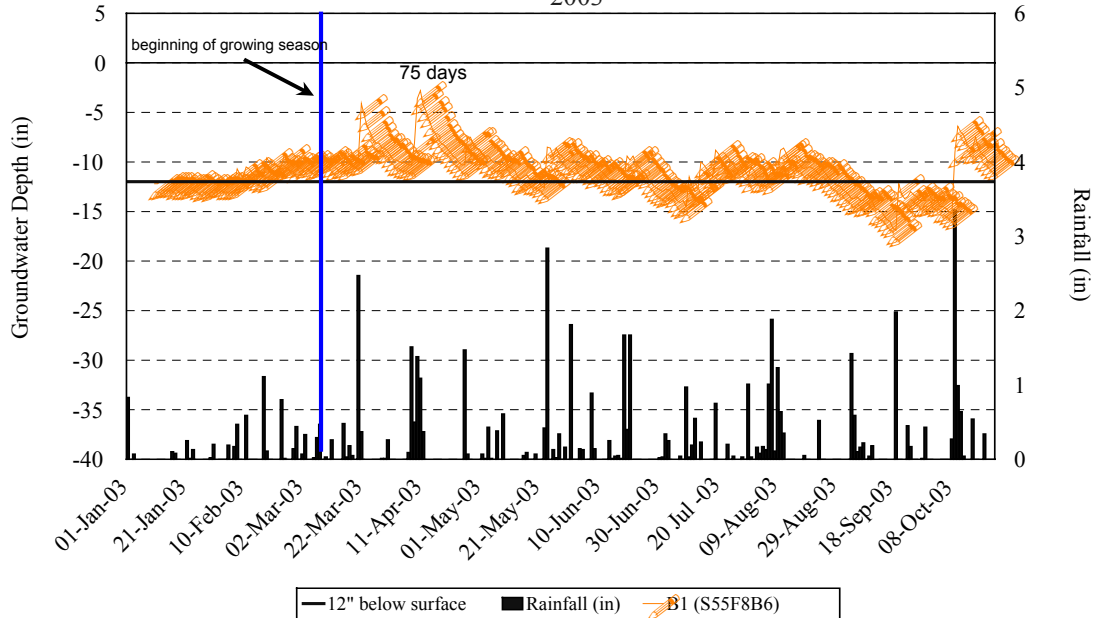

Figure 3. Hydrology Monitoring, Gauge A3
Dale Tract; Restoration
2003

Rainfall information provided by the National Climatic Data Center; Wilmington International Airport station.

Note: 1 reading/day

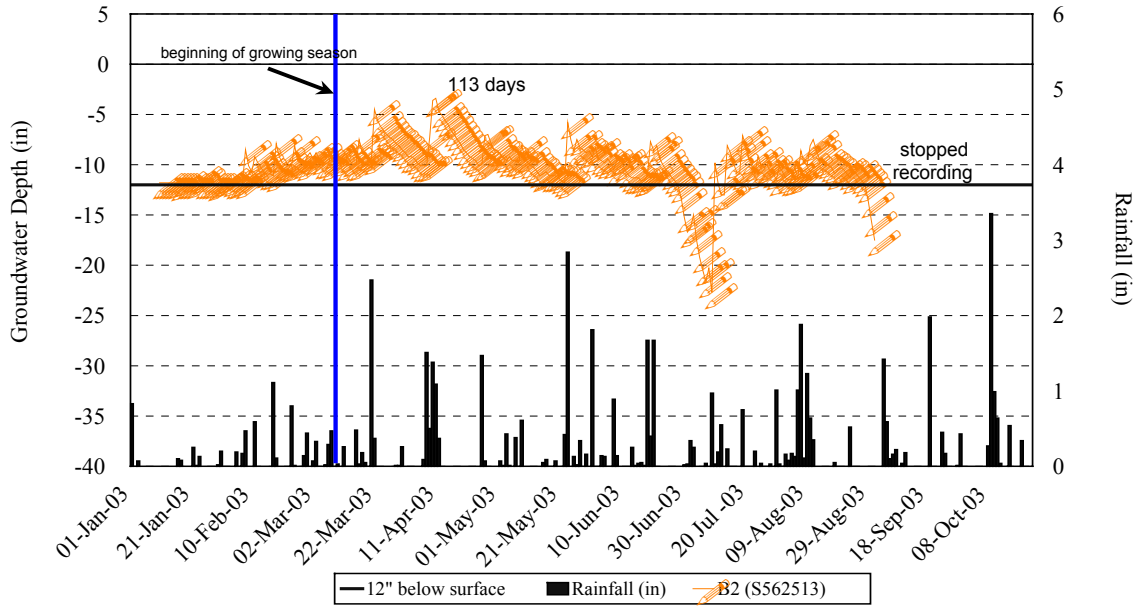

Figure 4. Hydrology Monitoring, Gauge B1
Dale Tract; Restoration
2003

Rainfall information provided by the National Climatic Data Center; Wilmington International Airport station.

Note: 1 reading/day

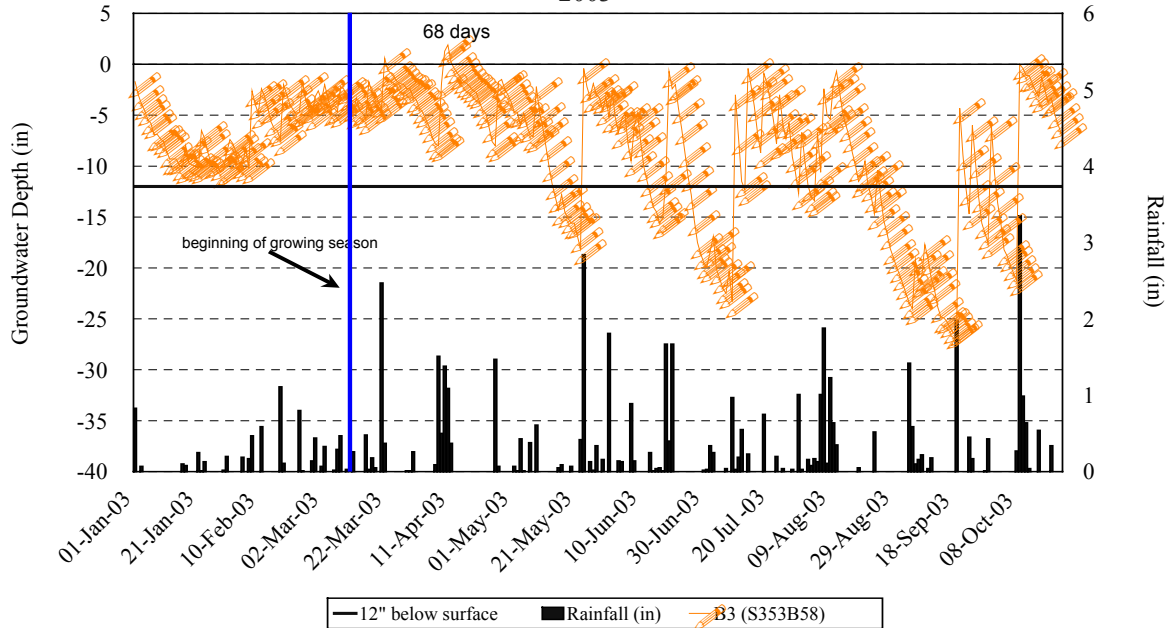

Figure 5. Hydrology Monitoring, Gauge B2
Dale Tract; Restoration
2003

Rainfall information provided by the National Climatic Data Center; Wilmington International Airport station.

Note: 1 reading/day

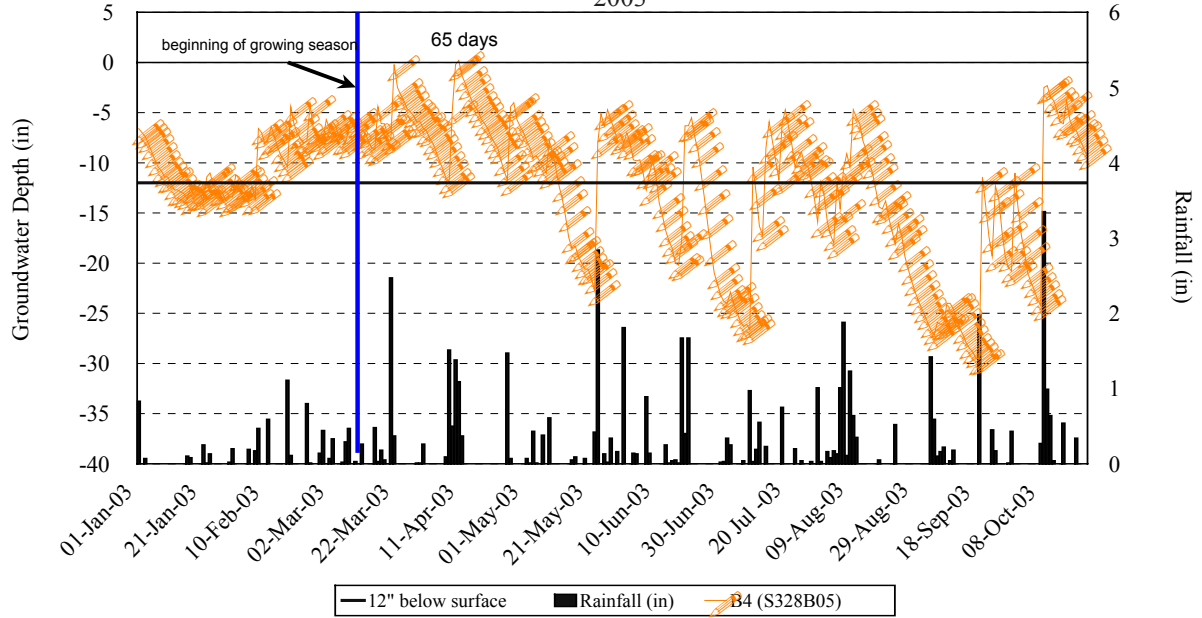

Figure 6. Hydrology Monitoring, Gauge B3
Dale Tract; Restoration
2003

Rainfall information provided by the National Climatic Data Center; Wilmington International Airport station.

Note: 1 reading/day

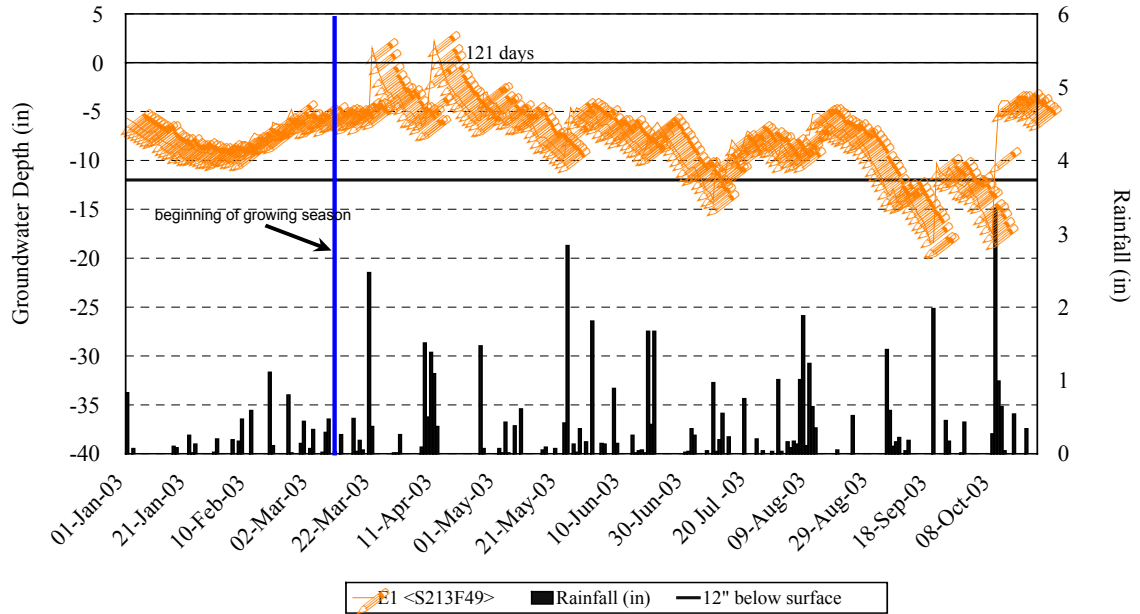

Figure 7. Hydrology Monitoring, Gauge B4
Dale Tract; Restoration
2003

Rainfall information provided by the National Climatic Data Center; Wilmington International Airport station.

Note: 1 reading/day

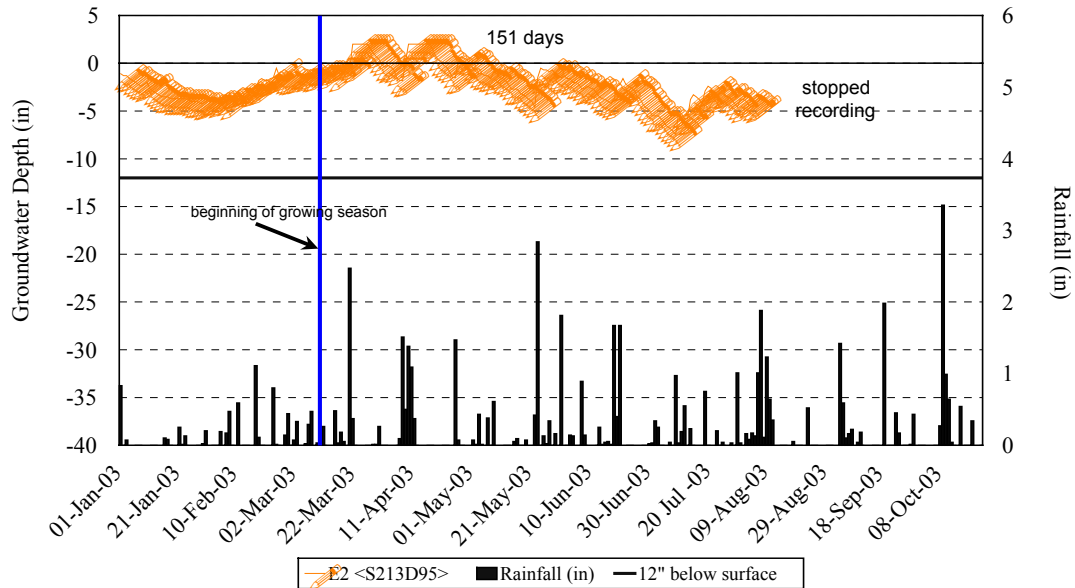

Figure 8. Hydrology Monitoring, Gauge E1
Dale Tract; Enhancement
2003

Rainfall information provided by the National Climatic Data Center; Wilmington International Airport station.

Note: 1 reading/day

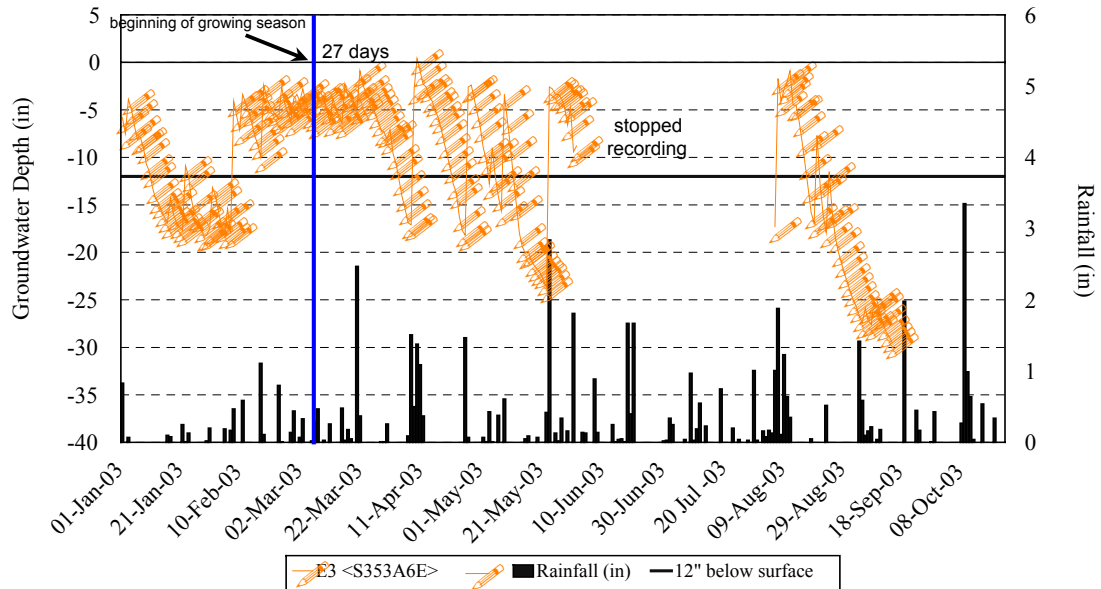

Figure 9. Hydrology Monitoring, Gauge E2
Dale Tract; Enhancement
2003

Rainfall information provided by the National Climatic Data Center; Wilmington International Airport station.

Note: 1 reading/day

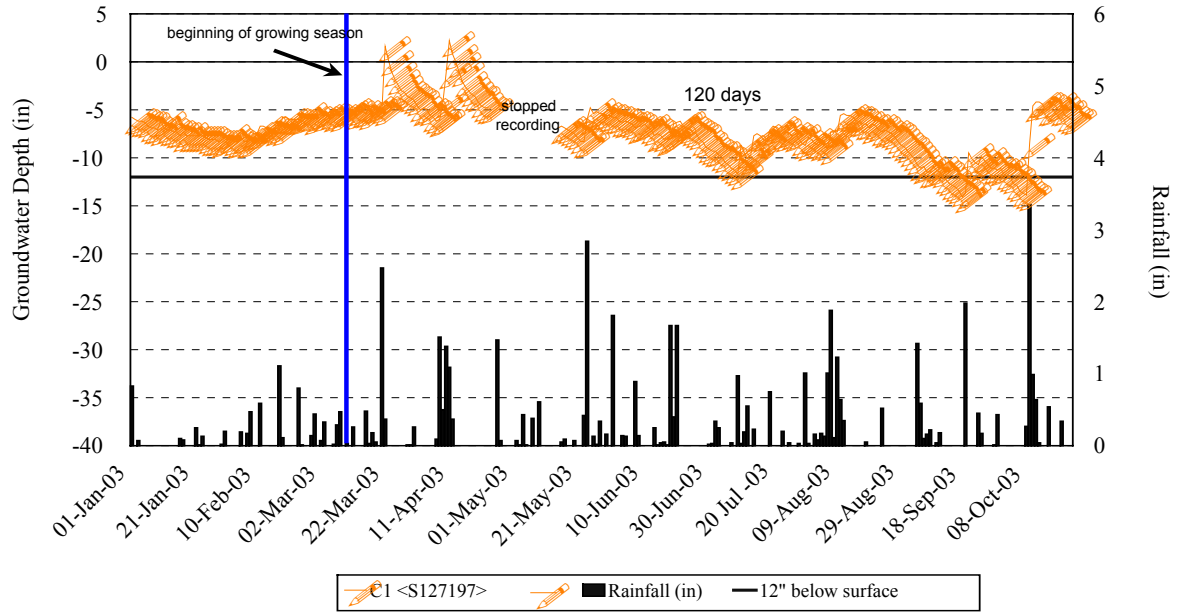

Figure 10. Hydrology Monitoring, Gauge E3
Dale Tract; Enhancement
2003

Rainfall information provided by the National Climatic Data Center; Wilmington International Airport station.

Note: 1 reading/day

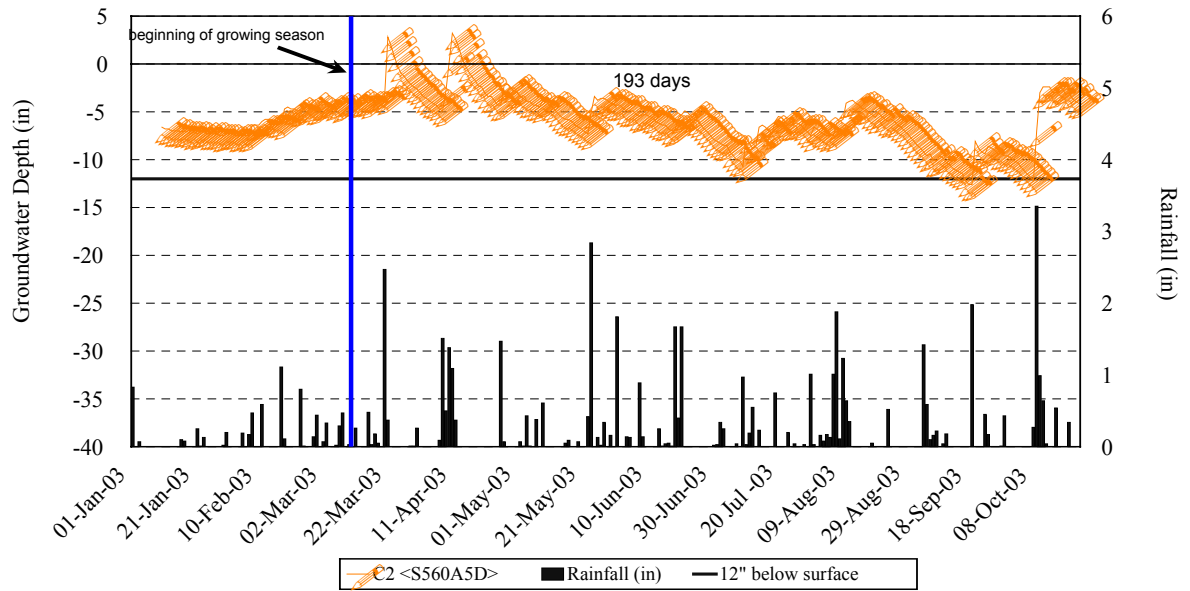

Figure 11. Hydrology Monitoring, Gauge C1
Dale Tract; Restoration
2003

Rainfall information provided by the National Climatic Data Center; Wilmington International Airport station.

Note: 1 reading/day

Figure 12. Hydrology Monitoring, Gauge C2
Dale Tract; Restoration
2003

Rainfall information provided by the National Climatic Data Center; Wilmington International Airport station.

Note: 1 reading/day
