Example of Funding Request for Contract Construction

March 30, 2004

STATE PROJECT: 6.699005T, 34464 (R-2559WM)
COUNTY: Mecklenburg
DESCRIPTION: Back Creek Mitigation Site

MEMORANDUM TO: Calvin W. Leggett, PE, Manager
Program Development Branch

ATTENTION: Omar S. Sultan, Unit Head
Project Management/Scheduling Unit

FROM: Philip S. Harris, III, PE, Assistant Manager
Project Development and Environmental Analysis Branch

SUBJECT: Request for Construction Funds

Your assistance is requested to establish construction funds in the amount of \$905,000 for the Back Creek Mitigation Site. Final design on this site is nearing completion. The work will be accomplished by a purchase order contract through Division 10 and is scheduled to be let in late summer/early fall of 2004.

Due to NCDOT wetland mitigation needs and environmental permit requirements, it has become necessary for the Department to construct the project this year. The site will provide approximately 4135 linear feet of stream mitigation credit and 3.3 acres of wetland mitigation credit through restoration and enhancement.

Attached please find a construction estimate for the project. This is for further consideration and approval through the Board of Transportation. If possible, approval needs to be processed at the next Board of Transportation meeting.

If you have any questions or concerns, please contact Mr. Jamie Lancaster at 715-1441. Thank you for your assistance.

Cc: Benton G. Payne, PE, Division 10 Engineer
Tawana Brooks, PE, Division 10 Construction Engineer
Marc Morgan, PE, Division 10 DDC Engineer

Jamie Lancaster, PE, Natural Environment Engineer
