Since 2009 NCDOT Cultural Resources Staff has reviewed 1500 projects under the Programmatic Agreement for Minor Transportation Projects (PA).

- The PA applies to state and federally-funded projects.
- Dept. of Cultural Resources and Federal Highway Administration provided all review results on annual basis.
- Division staff submits projects; the process is described below.

- Division staff receives separate review forms from both Archaeology and Historic Architecture.
- Review forms have been revised for clarity — if from Archaeology or Historic Architecture.
- Turnaround time for No Survey/Survey Required calls is 30 days.
- If Division staff has not received response in 30 days then check with Matt, Mary Pope, or Olivia.
- Additional time is necessary if survey required. NCDOT Cultural Resources Staff will coordinate this with Division staff.
- The PA does not add steps to your environmental review process — NCDOT Cultural Resources Staff make decisions previously assigned to Dept. of Cultural Resources.
