SUBJECT: Project: Transfer of Starmount Forest Country Club Site to EEP

Project Description: The Starmount Forest Country Club mitigation site is a stream mitigation site in Guilford county. The site consists of 5,621 feet of stream restoration. Construction of the site was completed in 1999. Remedial work on two threads of the stream was completed in February 2006. One year of visual monitoring is required on the repaired areas. A CD with electronic files for this project, hard copies of all permits and a copy of the approved mitigation plan are also being transmitted with this letter. As-built plans for the remedial work were submitted to EEP on March 22, 2006. Any site visits should be coordinated with Starmount Country Club, Mr. Mike Brown, at 336-312-1449.

Location: Guilford County, western Greensboro, bordered by Holden Road

River Basin: The site is located in the Cape Fear River Basin.

USGS HUC: 03030002

Project Stage: Construction complete; Monitoring to begin March 2006.
