Dear Dr. Bruton:

As discussed at the March 2002 annual mitigation monitoring report meeting, the N.C. Division of Coastal Management (DCM) concurs with the N.C. Department of Transportation's (DOT's) request to close out the following mitigation sites:

- Mann's Harbor, Dare County, TIP No. R-2304, CAMA Permit No. 27-92
- Bogue Sound Mitigation Site, Carteret County, TIP No. U-2226, CAMA Permit No. 50-96

DCM is pleased that the sites have met their goals and success criteria. We appreciate DOT's attention to DCM's comments and suggestions during the phases of planning, implementation and monitoring.

Sincerely,

Doug Huggett  
Major Permits and Consistency Coordinator
