Dear Mr. Harris:

I am responding to your letter dated June 24, 2005 requesting that the mitigation monitoring of above referenced site be discontinued. Based on the monitoring reports submitted between December of 2004 and March of 2005 and the site visit conducted on July 26, 2005, I concur with your recommendation that the construction and success criteria requirements of the Black and Decker Mitigation Site have been satisfied and that monitoring of the site can be discontinued.

Should you have any questions concerning this matter or wish to discuss the project further, please contact me at the Wilmington Field Office (910) 251-4172.

Sincerely,

Richard K. Spencer
NCDOT Project Evaluator
