STATE PROJECT: 9.8022831
I. D. NO.: U-2226
COUNTY: Carteret

DESCRIPTION: Bridges Street Extension - From NC #24 to Arendall Street in Morehead City

SUBJECT: Confirmation of Ownership of Islands in Bogue Sound

MEMORANDUM TO: Mr. David Schiller
Planning & Environmental

FROM: W. Wesley Taylor *WWT*
Right of Way Agent

As per your request, I have, with the assistance of Albert Taylor of the Carteret County Tax Office, researched the ownership of the islands in question and conclude the following:

The northernmost island, that closest to US #70, is completely Department of Transportation property.

The southern island in question does have private ownership toward its western end; however, the area of the island which was marked in red and designated as the proposed salt marsh vegetation does not extend beyond the boundaries of the private ownership. (I have provided you with an illustration.)

Please be aware that this information is not based on a formal survey; rather, it is based on Carteret County tax records and aerial photographs with super-imposed property lines.

If additional information is needed, please advise.

WWT:pcs

Atta.
