

## **Mapping Criteria for Geotechnical Requests**

### Location (vicinity) map

- project limits
- project description
- scale
- north arrow

### Aerial photograph(s)

- Project limits
- Scale
- North arrow
- Major features and roads labeled
- Title block with project description and TIP number
- Project Study Area delineated and labeled

### GIS Mapping

- Project limits
- Scale
- North arrow
- Project Study Area delineated and labeled

All mapping should be in a format that can be edited. Do not use pdf's.  
The Geotechnical Unit downloads the GIS mapping provided into their GPS Units for conducting their fieldwork.
