

GEOTECHNICAL STANDARD DETAILS & CELLS LIST

(For 2012 Standard Specifications - Revised 1/20/17)

When recommending the *Geotechnical Standard Details* listed below, do not include these standard details with the geotechnical recommendations. Instead, use the Page Numbers & Standards Requests Database to request the recommended *Geotechnical Standard Details* and do not store electronic copies of the standard details with the project files.

Geotechnical Standard Details and Cells are available from the cell library, "Geotechnical_Design_12StdSpecs_English.cel" accessible through the geotechnical workspace. PDFs of current standard details and cells are also available from the Geotechnical website at connect.ncdot.gov/resources/Geological/Pages/Geotech_Forms_Details.aspx or the S drive under Shared\Standards\Provisions, Notes, Details & Cells (2012 Std Specs)\.

Geotechnical Standard Details

Detail No.	Effective Let Date	Detail Title	# of Sheets
453.01	5/16/17	Standard Cast-In-Place (CIP) Gravity Retaining Wall	1
453.02	3/17/15	Standard Segmental Gravity Retaining Wall	1
453.03	3/17/15	Standard Segmental Gravity Retaining Wall with Freeze-Thaw Durable SRW Units	1
1801.01	11/19/13	Standard Temporary Shoring	1
1801.02	11/19/13	Standard Temporary Wall	3
1802.01	2/19/13	Standard Rock Plating	1
1803.01	4/19/16	Standard Reinforced Soil Slope (RSS) with High Groundwater	2
1803.02	4/19/16	Standard Reinforced Soil Slope (RSS) with Low Groundwater	2
1804.01	2/19/13	Standard Embankment Monitoring	1

Geotechnical Standard Cells

Effective Let Date	Cell Name	Cell Description
N/A	Border_PEFBox	Private Engineering Firm box for geotechnical detail
N/A	Border_PESeal	PE Seal for geotechnical detail
N/A	Border_Rdwy_DgnDetail	Roadway border for geotechnical design detail
N/A	Border_Rdwy_StdDetail	Roadway border for geotechnical standard detail
N/A	Border_StdCell	Border for geotechnical standard cell
N/A	Border_Strc_DgnDetail	Structure border for geotechnical design detail
N/A	Border_Strc_StdDetail	Structure border for geotechnical standard detail
2/19/13	Roadway_EmbankmentMonitoring_Std	Standard embankment monitoring detail (No. 1804.01)

GEOTECHNICAL STANDARD DETAILS & CELLS LIST

Geotechnical Standard Cells (continued)

Effective Let Date	Cell Name	Cell Description
2/19/13	Roadway_RockPlating_Std	Standard rock plating detail (No. 1802.01)
4/19/16	Roadway_RSS_HighGW_Std	Standard RSS with high groundwater detail (No. 1803.01)
4/19/16	Roadway_RSS_LowGW_Std	Standard RSS with low groundwater detail (No. 1803.02)
11/19/13	Roadway_TempShoring_Std	Standard temporary shoring detail (No. 1801.01)
11/19/13	Roadway_TempWall_Std	Standard temporary wall detail (No. 1801.02)
5/16/17	Wall_Anchored	Anchored wall with or without back slope – typical
3/17/15	Wall_Anchored_Notes_ReinforcedWeb	Anchored wall – notes & reinforced web details
5/16/17	Wall_Barrier_MomentSlab	Concrete barrier rail with moment slab for precast panels, concrete facing and SRW units
5/16/17	Wall_CIPGravity_Std	Standard CIP gravity wall detail (No. 453.01)
3/17/15	Wall_Ditch_Slope	Concrete ditch behind wall with back slope for concrete facing and coping
3/17/15	Wall_Ditch_SlopeProtection	Concrete ditch behind wall with concrete slope protection for concrete facing and coping
5/16/17	Wall_MSE_Notes_Panels_LevelingPad	MSE wall – notes & precast panels leveling pad step detail
5/16/17	Wall_MSE_Panels_Abutment_HPiles	MSE abutment wall with panels and end bent on H-piles – typical & coping details
5/16/17	Wall_MSE_Panels_Abutment_HPiles_Sleeves	MSE abutment wall with panels, end bent on H-piles and pile sleeves – typical & coping details
5/16/17	Wall_MSE_Panels_Barrier	MSE wall with panels and barrier – typical
5/16/17	Wall_MSE_Panels_Guardrail	MSE wall with panels and guardrail – typical & coping details
5/16/17	Wall_MSE_Panels_Slope	MSE wall with panels and back slope – typical & coping details
5/16/17	Wall_MSE_SRWUnits_Abutment_HPiles	MSE abutment wall with SRW units and end bent on H-piles – typical and coping & geogrid cap connection details
5/16/17	Wall_MSE_SRWUnits_Abutment_HPiles_Sleeves	MSE abutment wall with SRW units, end bent on H-piles and pile sleeves – typical and coping & geogrid cap connection details
5/16/17	Wall_MSE_SRWUnits_Barrier	MSE wall with SRW units and barrier – typical
5/16/17	Wall_MSE_SRWUnits_Guardrail	MSE wall with SRW units and guardrail – typical & coping details
5/16/17	Wall_MSE_SRWUnits_LevelingPad_Obstructions	MSE wall with SRW units – leveling pad step & PET geogrid obstruction details
5/16/17	Wall_MSE_SRWUnits_Slope	MSE wall with SRW units and back slope – typical & coping details
5/16/17	Wall_PrecastGravity_noSlope	Precast gravity wall without back slope – typicals, notes & footing step detail

GEOTECHNICAL STANDARD DETAILS & CELLS LIST

Geotechnical Standard Cells (continued)

Effective Let Date	Cell Name	Cell Description
5/16/17	Wall_PrecastGravity_Slope	Precacst gravity wall with back slope – typical, notes & footing step detail
3/17/15	Wall_QtyTables	Estimated wall quantity tables with instructions
3/17/15	Wall_SegmentalGravity_Freeze-Thaw_Std	Standard segmental gravity wall with freeze-thaw durable SRW units detail (No. 453.03)
3/17/15	Wall_SegmentalGravity_noSlope	Segmental gravity wall without back slope – typicals & notes
3/17/15	Wall_SegmentalGravity_Slope	Segmental gravity wall with back slope – typicals & notes
3/17/15	Wall_SegmentalGravity_Std	Standard segmental gravity wall detail (No. 453.02)
5/16/17	Wall_SoilNail	Soil nail wall with or without back slope – typical & notes
5/16/17	Wall_SoldierPile	Soldier pile wall with or without back slope – typicals & notes
