

STATE OF NORTH CAROLINA  
DEPARTMENT OF TRANSPORTATION

BEVERLY EAVES PERDUE  
GOVERNOR

EUGENE A. CONTI, JR.  
SECRETARY

MEMORANDUM TO: Standard Provision Holders  
FROM: Scott Hidden, P.E.  
DATE: January 17, 2012  
SUBJECT: Standard Shoring Provision

The following standard provision has been added for the effective let date shown.

Provision Number	Provision Title	Effective Let Date	Summary of Changes
16	Standard Shoring	1-17-12	<ul style="list-style-type: none"> <li>Addresses standard temporary shoring and walls as an option for temporary shoring</li> </ul>

This new standard provision is available from:

<http://www.ncdot.gov/doh/preconstruct/highway/geotech/provnote/2012/>

The Geotechnical Engineering Unit will typically recommend the Standard Shoring provision in addition to the Temporary Shoring provision (Standard Provision No. SP11 R02) if the standard temporary shoring or wall is applicable to a temporary shoring location. Standard shoring meets either the standard temporary shoring drawing (Standard Drawing No. 1801.01) or the standard temporary wall drawing (Standard Drawing No. 1801.02) and does not require a shoring design submittal. For projects without this new provision, the Temporary Shoring provision requires a shoring design submittal to be accepted by the Engineer.

If there are any questions about using the Standard Shoring provision, contact Scott Hidden, P.E. at (919) 707-6856 or Eric Williams, P.E. at (919) 707-6876.
