M&T Form 909
Revised 1-27-2005

INSTALLATION TEST REPORT OF ADHESIVELY ANCHORED
ANCHOR BOLTS OR DOWELS

General

NCDOT Contract Number _____ Work Order Number _____
TIP Number _____ Federal Aid Number _____
County _____ Route _____
Project Description _____

Installation Location/Description _____

Adhesive Name/Manufacturer _____

Adhesive Lot Number(s) _____

Installation Data

Date and Time of Installation _____

Diameter of Anchor Bolt/Dowel _____

Anchor Bolt/Dowel Grade _____

Holes Drilled by: Pneumatic Hydraulic Other _____

Depth _____ Diameter of Hole _____

Holes Cleaned by: Air Brush Other _____

Cleaned Holes Inspected Prior to Inserting Adhesive or Bolts/Dowels?→ *Initials* _____

Adhesive Mixed per Manufacturer's Recommendation?→ *Initials* _____

Test Data

Date and Time of Test _____

Number of Anchors in Installation _____

Number of Anchors to be Tested _____

Number of Anchors Actually Tested _____

Centerhole Jack: Manufacturer _____ ID/Serial # _____

Capacity _____ Ram Area _____

Gauge ID # _____ Last Date Calibrated: _____

Pump ID # _____ Calibrated By: _____

Minimum Load to be Applied _____
