Washington, DC 20590

Re: Madison Street Bridge Expansion Project - Promoting Resilient Operations for Transformative, Efficient, and Cost-saving Transportation (PROTECT) Grant Application

Dear Secretary Duffy:

This letter is to express the strong support of the Cape Fear Rural Planning Organization (RPO) for the North Carolina Department of Transportation's Madison Street Bridge Expansion project in the City of Whiteville, Columbus County, North Carolina. The project will improve the Madison Street (US 701 Business) crossing over Soules Swamp by extending the existing bridge and adding a second bridge. These improvements will help the roadway to better handle heavy rainfall and flooding events, keeping this important connection open for residents, businesses, emergency responders and travelers.

Flooding is a recurring issue along Madison Street and throughout downtown Whiteville during heavy rainfall events. Improving the bridge crossing would reduce flooding in the area and allow rainwater to recede more quickly after heavy rainfall events. As a result, the project would help reduce road closures, improve access to downtown Whiteville, and provide more reliable travel for all roadway users during and after heavy rainfall events.

The Madison Street Bridge Expansion project represents a strategic investment in transportation resilience, mobility, public safety, and long-term vitality of downtown Whiteville and Columbus County as a region. I respectfully urge your full consideration and support for funding that will allow North Carolina DOT to advance and complete this important project, providing lasting benefits to the City of Whiteville, Columbus County, and southeastern North Carolina.

Thank you for your consideration of this meritorious grant and your commitment to our nation's critical transportation system.

Sincerely,

Sam Boswell
Cape Fear RPO Director
