

**INTERMEDIATE CONTRACT TIME NUMBER (ICT number) AND LIQUIDATED DAMAGES**

(2-20-07)

SP1 G14 E

The Contractor shall complete the required work of installing, maintaining and removing the traffic control devices for road closures and restoring traffic to a (number)-lane, (number)-way traffic pattern. The Contractor shall not close (road name) during the following time restrictions:

**DAY AND TIME RESTRICTIONS**

(day) through (day) from (time) A.M. to (time) P.M.

or

(day) (time) A.M. to (day) (time) P.M.

The maximum allowable time for (describe the type of operation) is (number) minutes for (road name). The Contractor shall reopen the travel lanes to traffic until the existing traffic queue is depleted.

The time of availability for this intermediate contract time will be the time the Contractor begins to install traffic control devices required for the road closures according to the time restrictions stated herein.

The completion time for this intermediate contract time will be the time the Contractor is required to complete the removal of traffic control devices required for the road closures according to the time restrictions stated herein and restore traffic to a (number)-lane, (number)-way traffic pattern.

The liquidated damages are (words) Dollars (\$ (number).00) per (number) minute time period.
