

STATE OF NORTH CAROLINA
DEPARTMENT OF TRANSPORTATION

ROY COOPER
GOVERNOR

J. ERIC BOYETTE
SECRETARY

DATE: August 4, 2022
TO: Division Contract and Proposals Engineers
FROM: Lloyd G. Royall, Jr., PLS
Division Contracts Liaison Engineer
SUBJECT: Steel Price Adjustment Special Provision and Guidance

In response to recommendations and directives from the Chief's Office, a process to allow contractors to have Steel Price Adjustments incorporated in certain contracts has been established. Beginning September 1, 2022, all contracts that meet the criteria for the Steel Price Adjustments will include a new Special Provision. The new provision will be posted and ready to use in time to meet the three (3) week advertisement period that is required.

Specifically, there will be a new Special Provision (SP1 G47) that will be added to be used in APLUS to create proposals. Additionally, there will be 3 forms that the contractor will need to fill out and submit. The SPA-1 will be requested in the Award Letter and required to be submitted to the Division Contract / Proposals Engineer along with Bond submittals. Once you receive this form it will be pasted along to the ACE (Area Construction Engineer) for verification and approvals. These will be time sensitive and will need to be expedited. The other two (2) forms will be handled by the Resident administering the project.

Additional information will follow upon posting of the Special Provision.
