Mileage Change 2022 to 2023

	Public Roads	State Maintained	Interstate	Business Interstate	US Routes	NC Routes	Primary	Secondary	Municipal System	Other State Agency	Federal	Other Non-System
	303.28	95.05	37.61	(0.00)	(26.34)	13.42	24.68	70.37	199.08	8.73	(0.10)	0.51

++From October 2014 through October 2016, NCDOT transitioned to a new linear referencing system and did not update the data. There is no official mileage for 2015.

*Beginning in 2020, railroad and other public instrumentality mileage is included in non-system mileage. Primary and secondary route mileage that is maintained by federal agencies is excluded from State-Maintained mileage.

*In 2021, FHWA recommended removing publicly-maintained restricted access (gated) routes from public mileage. It is a work in progress but will result in a decrease in Federal mileage over time. This includes many routes on military bases.
