

PRESTRESSED CONCRETE PILES

8-13-04

In Section 450-11, "Basis of Payment" of the Standard Specifications. When the plans indicate the Engineer is determining the length of piles revise "(B) Cutting off Piles" as follows:

Change the sentence in the second **Deleted** paragraph to read:

"...payment for cutting off each pile will be made at an amount equal to the contract unit price per linear foot (per 0.3 meter) for furnishing and driving the pile which has been cut off."
