DEPARTMENT OF TRANSPORTATION

JAMES B. HUNT JR.
GOVERNOR

P.O. BOX 25201 RALEIGH, N.C. 27611-5201

E. NORRIS TOLSON
SECRETARY

MEMORANDUM TO: Project Engineers
Project Design Engineers
FROM: W. J. Rogers, P.E.
State Bridge Design Engineer
DATE: December 2, 1998
SUBJECT: 16"(406 MM) PRESTRESSED CONCRETE PILE

New standards PCP4 and PCP4SM have been developed and are available for your immediate use. The new 16"(406 mm) prestressed concrete pile allows the Soils and Foundation Section more flexibility in developing their Foundation Recommendations. These standards should be incorporated into applicable plans effective with the March, 1999 letting.

The standards are available on the SDD1 directories and the Structure Design Homepage. The Design Manual will be revised at a later date.
