

REDUCED CONFLICT INTERSECTIONS

They improve safety and let you reach your destination more quickly!

They reduce by more than half
the places vehicles can collide
within an intersection!

Learn More

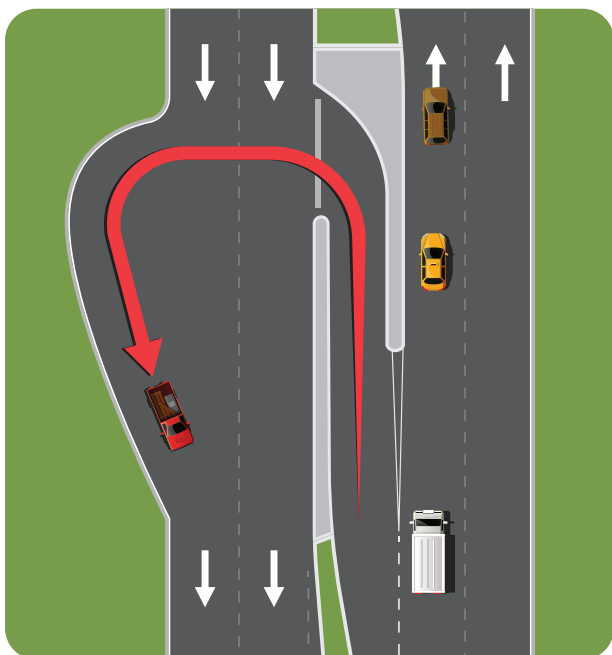

BENEFITS OF A REDUCED CONFLICT INTERSECTION

-  Simplifies how traffic moves.
-  Can accommodate more traffic without increased delays.
-  Requires less right-of-way or property impacts to improve traffic flow.
-  Safe access is good for business. Customers will go to a business if they feel safe using the road and accessing the business.

THE RIGHT WAY TO GO LEFT!

-  Raised medians redirect drivers from the side into turning right.
-  Drivers then can make a safe U-Turn a short distance away.
