8.8 *Public Vehicular Area (PVA)*

Ordinance Type Number:	69
Ordinance Type Status:	Active
NCGS Authority:	§20-219.4
NCAC Authority:	19A:02E.1201 , 19A:02E.1202 , 19A:02E.1203 , 19A:02E.1204 , 19A:02E.1205
TEPPL Reference:	P-25
Ordinance Required:	Yes (used as a registry)
Overlap Conflict with Ordinance Types:	None
Investigation Required by Statute and/or Code:	No
Signing/Marking Required by Statute/Code:	Yes
Additional Information/Justification Required:	Yes

Guidance:

Official approval for a PVA is the execution of the agreement between the property owner and the Division Engineer as outlined in [TEPPL](#). The ordinance system is only used as a statewide registry of these enacted agreements. However, a copy of the executed agreement and plat (or survey map) shall be forwarded to the Regional Office, and then to the Ordinance Program Manager, for system approval and recordkeeping (and inclusion in the ordinance package).

The plat or survey map required by the Agreement does not need to be recorded as a PVA for NCDOT purposes. However, the plat or survey map should be legible and show the nearest State Highway System route(s) for referencing purposes (where feasible). Private property does not need to abut the State Highway System to be registered.

No action (agreements or ordinances) is needed for any property that falls within the criteria specified by [General Statute §20-4.01 \(32, a-c\)](#).

The collection and processing of any and all fees is the responsibility of the individual Highway Division acknowledging “receipt and registration of applications from participants” ([19A:02E.1203](#)) or when “resubmitting an application” to modify the agreement ([19A:02E1205](#)). This may follow the same or a similar process as that for driveway permits.

The Department is only required to provide designs for PVA signs and shall not fabricate, install, or maintain the signs ([19A:02E.1204](#)). The PVA designation shall only be effective after registering with NCDOT and signs are installed ([§20-219.4, a](#)).

Examples:

Private property (boat ramp) with primary entrance located at 500 Progress Way, approximately 0.05 mile northeast of SR 1308 (Gum Branch Road).
