A MESSAGE FROM THE COMMISSIONER OF THE NORTH CAROLINA DIVISION OF MOTOR VEHICLES

The mission of the North Carolina Department of Transportation Division of Motor Vehicles is to deliver quality motor vehicle services, promote highway safety, and furnish timely and accurate information. We accomplish the goals in our mission statement by providing excellent customer service, enforcing motor vehicle laws, and maintaining the integrity of official DMV records.

We are pleased to report that the 2001 data reveals that both the number of crashes and the number of fatalities decreased. A crash occurs every 2.4 minutes in N.C. and a person is killed on our highway every 5.7 hours. Last year 1,530 individuals lost their lives in a crash and the leading factor in most of the fatal crashes is speeding—something that we should be able to control.

The Division of Motor Vehicles and its many partners continue to make strides in promoting safe driving on the highways but still, too many drivers ignore the rules of the road and cause problems for all of us.

The 2001 Traffic Crash Facts challenge us to try to improve the numbers. A single injury is one too many. A single casualty loss from a crash is one too many. A single life lost is one too many.

Please use these statistics for your needs and join us in the crusade for highway safety. Educate yourself and your fellow motorists on the consequences of all motor vehicle crashes. Together we can make a difference!

Sincerely,

A handwritten signature in black ink that reads "Carol Howard".

Carol Howard
Commissioner

LEGEND:

- O - No Injury.
- C - Complaint of pain without visible signs of injury or momentary unconsciousness.
- B - Other visible injuries such as bruises, swelling, limping or any painful movement.
- A - Bleeding members, distorted member or any condition that required victim to be carried from the scene.
- K - Killed.

Based on reportable crashes only, and includes vehicle types passenger car, pickup, light truck, sport utility, and van. Cases where extent of injury or belt usage is unknown or unable to be determined are excluded. "Belt" includes these categories: lap belt, lap and shoulder belt, shoulder belt, and child restraint. Information includes data for the period January 1 through December 31, 2001.

Note: Belt use is the use reported by the investigating officer. There is evidence that this reported belt use rate exceeds the actual use rate. During 2000, the observed driver belt use in North Carolina averaged 63 percent as a result of the "Click It or Ticket" campaign.
