In Reply Refer To  
Application 2011

Mr. Mark C. Stewart  
Director of Safety  
Hwy 150 East  
Box 697  
Cherryville, North Carolina 28021

Dear Mr. Stewart:

This is in regard to your application to run STAA dimensioned vehicles from I-85 along both NC 56 and US 15 to the Kaiser Roth Plant located on NC 56 at Creedmoor.

Our investigation of these routes is complete. We have coordinated with both the State Highway Patrol and Division of Motor Vehicles Enforcement Section during our investigation.

Reasonable access as defined in the RULES FOR ACCESS ROUTES FOR STAA DIMENSIONED VEHICLES is deemed to be the use of the most reasonable and practical routes available for access to terminals. In this case, US 15 (Application Request #2) is deemed to be the safest, most reasonable access from I-85 to the Kaiser Roth terminal in Creedmoor. The approved route is described as follows:

APPROVED ROUTE

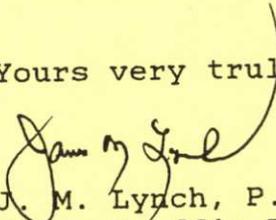

US 15 from I-85 northward to NC 56 in Creedmoor, then eastward on NC 56 to the Kaiser Roth Plant east of Creedmoor, Granville County.

All weight limit restrictions that may exist on this route must be observed.
